Thank you for participating in the Fio40 Player Fitness & Skill Evaluation. We believe measurement is key to knowing how to TrainSmarter™ to reach your goals. This score is an assessment of your current fitness level and exhibited soccer skills. We recommend that you complete this evaluation once a year and no earlier than six months. We also believe that game performance and tactics are fundamental to overall player assessments. Our Fio500 score includes an extensive game performance evaluation derived from an aggregated and comprehensive assessment by certified CoE FioScore Coaches.
